10-YEAR WARRANTY IMPORTANT INFORMATION

Please keep all documents in a safe place, as they constitute part of your purchase agreement.

As the original purchaser of our branded products, you receive a 10-year warranty on the material and surface condition, functional reliability and high standard of workmanship of all products under our BRILLIANT TOOLS brand in accordance with the quality and test specifications valid at the time of delivery.

The warranty includes the statutory 2-year warranty, only applies to new goods and is non-transferable.

The warranty does not affect statutory warranty claims, such as those concerning supplementary performance, rescission or compensation for damages.

Warranty terms and conditions.

The warranty shall be fulfilled through, at the warrantor's choice, repair or subsequent delivery and shall not be suspended nor interrupted through the performance of services, i.e. the warranty shall end ten years after the delivery date.

Proper transportation, assembly, connection and use by authorised specialist staff are a mandatory requirement for the warranty to be valid.

The relevant installation, safety and operating instructions as well as the enclosed assembly instructions apply to all electronic components.

The warranty does not cover ten years of a new condition.

No liability is accepted for damage of any kind resulting from collection by the customer, overloading, operating errors or changes to the delivery state or consumables.

Products used for demonstration purposes are also excluded from the warranty, as they no longer conform to new condition due to use and demonstration effects. The statutory two-year warranty applies and we recommend documenting signs of wear before the transfer of risk.

Material defects are generally repaired by the trade partner and only on presentation of the purchase agreement.
