

Truck / CV Special 2023

Das Werkzeug

Our superheroes ...

... whether truck, trailer, bus, construction machine or agricultural!

We are commercial vehicles!

€ NKW23/EN/XX/1

Recommended retail prices (RRPs) excl. VAT.
Prices valid from 1 March 2023 until 29 February 2024
at the latest. Prices are subject to change before
29 February 2024. Errors excepted.

Cooling system diagnostics

- » Precise checking for leakage in cooling systems and heating circuits
- » Reliable diagnosis thanks to precisely matched threads on the expansion tank opening
- » Extensive adapter family "Made in Germany"
- » Bubble-free filling of the cooling and heating circuit with 4802-1 in trucks, buses, agricultural machinery and construction vehicles

4802-1, EAN-No. 4000896200030

Commercial vehicle vacuum radiator filler

- Fast cooling fluid flow rate: approx. 80 l in approx. 20 minutes
- No cooling fluid is lost through the cooling system overflowing
- Separate control through the diagnostic testing device is no longer necessary
- Vacuum leakage test before filling the cooling system
- Bubble-free filling of the cooling and heating circuit in trucks, buses, agricultural machinery and construction vehicles
- Can be used together with single or universal adapters (see table on page 3)

80 litres in 20 minutes!

Commercial vehicle lifting aid

- » Back-friendly and safe work when servicing brakes
- » For working in areas with restricted access, e.g. in commercial vehicle wheel arches
- » Facilitates removal/installation of brake callipers and wheel hubs, no second person necessary any more
- » "Made in Germany"

• Suitable for all brake callipers and wheel hubs

• Brake calliper removal and installation with just one tool

• All brake service work can be carried out without straining your back

• Compatible with all brake callipers that have European type approval

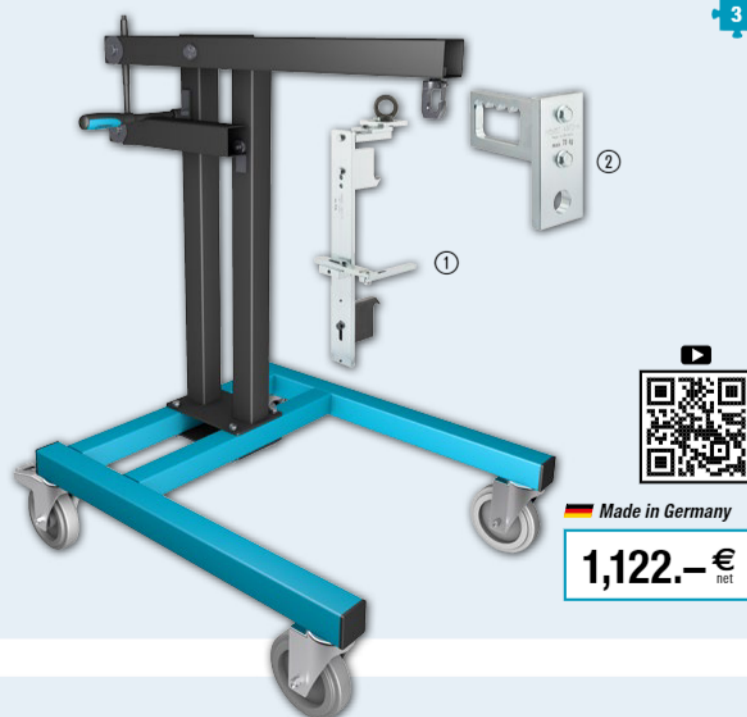

4972-1/3, EAN-No. 4000896215799

Commercial vehicle lifting aid

- Allows you to work safely, without straining your back, in tight spaces in the wheel arch on trucks, buses, trailers and trailer axles
- Significantly easier work when assembling and disassembling brake callipers and wheel hubs thanks to lifting aid
- No strain on the back
- Second person not required
- Makes screw tightening easier
- Secure hold for heavy components
- Takes the various installation situations of the brake calliper into consideration
- Secure movement with suspended components
- One-hand operation possible via spindle

- Contents:**
- Lifting aid
 - Brake calliper holder
 - Wheel hub holder

Multimeter

- For measuring voltage, resistance, frequency, capacitance and temperature
- For trade, industry, and DIYers as well as passenger car, commercial vehicle and agricultural workshops
- Easy operation thanks to clearly arranged control panel and large illuminated LCD display (all data quickly readable)
- Very short response times ensure rapid display of measurement results
- Optimal device alignment thanks to the stand on the housing
- Protective cover protects multimeter against damage from being dropped
- Temperature probe from -20 °C to 200 °C included
- Diode test
- During the continuity test, the integrated buzzer signals continuity below 50 Ω
- Duty cycle
- AC voltage/DC voltage.: 0–600 V
- DC/AC: 0–10 A
- Frequency: 0–10 MHz
- Resistance measurement: 0 to 60 MΩ
- Automatic switch-off
- Backlight
- Data hold
- True RMS
- CAT III 600V
- Including measuring tips for clipping into the protective cover and 2 x AA batteries

1/2" high-voltage tool set, with protective insulation

- Universally applicable on all trucks and buses, as well as agricultural and construction machinery with electric drives
- For operation of live components such as batteries, capacitors or distributors
- The use of two extensions enables simple and safe installation and removal of e.g. the battery thanks to the special insulation of the tools
- All the relevant tools for the operation of live fittings in one set
- Highest level of safety through constant quality control of the tools
- Delivery in new HAZET L-Boxx 136 – all tools ready to hand
- For e-trucks from e.g.: MERCEDES-BENZ, MAN, DAF, RENAULT, SCANIA and Volvo
- Suitable for use with electric urban buses such as e.g. MERCEDES-BENZ, MAN, VDL, IVECO, SOLARIS, Volvo, SCANIA, BYD, SILEO, LIKKER, COBUS, MELLOR, KARSAN, IRIZAR, EBUSCO, TEMSA, EURABUS, EASYMILE, NAVJA, LOCAL MOTORS, HEULIEZ

3/8" or 1/2" torque wrench, with protective insulation

- Right/left release with plug-in square, thereby tightening at torque setting both to the right and to the left within the specified tolerance
- Can be readjusted and recalibrated
- Possible repairs for the torque wrenches in the HAZET Service Centre
- High durability
- Accuracy through the option of: Disassembly, adjustment, repair (if necessary), calibration, assembly
- Suitable for control of inspection and test equipment
- Sustainable and environmentally sound
- Fine scale graduation with vernier scale
- Locking against unintentional adjustment of the setting value
- Safe torque release: palpable (close-gap release), audible ("click" sound)
- Low weight for good handling and fatigue-free work
- DIN EN ISO 6789-2:2017, Square according to DIN 3120, ISO 1174-1, IEC 60900:2018
